

## **Statement of Alyza Lopez and Aliyah Phillips**

I want to take a moment to tell you about our mom. She was passionate, selfless, and full of life. She loved spending time with me and my sister, some of our best memories were made while discovering new restaurants together. She was the kind of person who would always show up when you needed her most and always stood up for what she thought was right. To everyone who knew her, she wasn't just our mom, she was the kind of person who could find laughter and light, even in the hardest moments. This will be our first Thanksgiving without her. We will miss her always and forever. That's why losing her the way we did has been so painful, because it was so preventable.

And that's why we hired Clifford Law Offices — to get us answers and to make sure no other family has to go through what ours did.
